Update And Vital Understanding 2

Let me share with you some testimonies that are hopeful regarding the Bride and where we are at this critical time. To begin with, in June, 1994, the Father began revealing to me the revelation of the Bride, which comes out of the sleeping Body of Christ. This all began while living in Texas when we had completed the home for women and children and were living in it. On Saturday, June 11, He showed me that what He did at the beginning of the church, He would do again at the end. Then one week later, on June 18, He spoke to me that He would not give His glory to the masculine Body of Christ, but to the feminine Bride. And with that, the Holy Spirit came upon me for a week and a half and I could ask Him any question and He would answer it. What an entirely incredible time that was!

And from there I continued to learn, as the Holy Spirit led me into all truth. But this created a problem with the man who actually owned the property for this home, and he told me to leave. But the Father had not spoken to me concerning what to do. Then early in the morning on August 7, my birthday, I was sitting at my desk and suddenly realized that I was still a Christian. With that realization, I was fully aware of my grave plight and fearfully fell out of my chair, prostrating myself on the floor. At that moment, it was as if I was on the ninety-fifth floor of the Twin Towers, and saw that jet coming straight at me, and would have given anything to be out of there! The fate of kingdom man for two thousand years has indeed been certain death! Yahweh then told me to leave the ranch and move to Washington State, which we did.

Why do I share this with you? Because the Bride, which comes out of the sleeping Body of Christ, began, was birthed on, my birthday, August 7, 1994. But what then happened to the Bride work? It breached! The Zerah (meaning "light") work extended its hand out of the womb and received the scarlet-thread promise of being the firstborn. But upon doing so, next came the Perez "breach" period in my life. Thus, upon being kicked off the ranch and the home which I had built, for twenty-seven years now the Bride has been in a "Perez" breach, waiting for the fulfilling "Zerah" light work. In other words, Christianity has prevailed, while the Bride has been waiting to be birthed forth. Let us now look at other confirming testimonies of late as well.

I built the home for women and children, which I now see was a first Remnant work that had to die. And on that property at that time was another building of similar size, which had been built and was used simply for storage. But after I left, fittingly it was converted to being a church. So there is the first Remnant building I built, followed by Christianity's church building. And what needs to happen? Today, a latter Bride building needs to be fulfilled! So is there this attesting fulfillment? Indeed so.

Now twenty-seven years later, what building program am I once again involved in? The receipt of yet another home, but this time we own it, and no one can take it from us! And as has been noted in recent writings, the Bride house in Kenya was begun by the

original owner—a first Remnant Matthew. But he could not complete it and gave us the property on which the Father made it possible for us to build the Bride Hall. This is in type Christianity. So it began with the first Remnant Matthew work of starting the house, and then went to “Bride Hall” Christianity. And this is in fact a repeat of what I have gone through for twenty-seven years—a breach. The Bride work began in 1994, and then breached. And ever since then, Christianity has prevailed and the Bride has waited for this breach to be over and we can come forth and then be born from above!

So next, first Remnant Matthew then gave us the house and we began completing the work that he began. And now it was not just a simple and plain home, but Patel got involved and he designed it to be an exceptionally beautiful and unique home in so many ways. This is the fulfilling second Remnant work. Next, we put in the solar panels and then dug the well that literally burst forth with pure clean refreshing water. And today we are now building a wall around the property (less the Bride Hall) for needed protection and security. And in the Scriptures, building a wall was an essential and meaningful quest.

As you can see, this work in Rongo IS NOT just any old construction project, but a MOST telling and hopefully effectual concluding intercession. And I hope we are now on the other side of the great breach I have personally suffered under since 1994, including the loss of my entire family. Twenty-seven years ago I built a home for my family and for women and children, and because of my pursuit of the Bride I was kicked off of it and later even lost my family. But today, we have built a home that is even more beautiful than the first, and no one can take it from us. And today, like that well, it is time for the Bride to burst forth!

At this point, let us examine a prophetic testimony that is most important. Consistent with the ways of Yahweh and the Bride, here we see once again the [five and two pattern](#) that has been evidenced elsewhere. This time we see it evidenced in the testimony of the children, those to whom Yahshua said the kingdom belongs (Matthew 19:14).

In the bigger picture, first at the beginning Sonshine House Ranch, there were the five girls and mother who were the first and only incoming residents. And then now we have the two children who were just recently added to be residents of the Bride house. Thus, the five and two. When engineer Daniel was working at the Bride home, he succumbed to COVID and passed away. And at that time his wife also died delivering two babies, a boy and a girl, and these went to his sister. We then took the three of them into the Bride home. Thus, we see yet another five and two—five girls in the Sonshine House ranch, and a baby boy and girl now at the Bride home.

So we can see that the first-bird five work that leads to death occurred in 1994, and now we see signs of the fulfilling second-bird two work that receives the victory and ascends alive. And it is most hopeful that the completion of the wall around the Bride house will take place on the August 7 twenty-seventh anniversary of the birth of the Bride when I was then no longer a Christian.

So looking back at the last ten months since first receiving the Bride property, by Yahweh’s grace and plan we have built and completed the hall, then completed in a most wonderful and spectacular way the house. Likewise, we have installed the solar

panels, and drilled the well and added the water tower, and the final task at hand is constructing the protecting wall. I am absolutely amazed that this has all been accomplished, and that all of the work has been provided by volunteers! And these volunteers have included professionals and businessmen like the late Patel, and lawyer Peter who died on a motorbike while getting an item. And there was engineer Daniel who collapsed while digging a trench. And there are so so many others like big Joshua who is a builder by trade and is Caleb's right-hand man. And the list is unending. And of course there is Caleb, who is a chosen and beautiful vessel. And I want to thank you who have given so that materials for construction and food for the volunteers could be purchased. Herein, I am reminded of Nehemiah 4:6: "for the people had a mind to work." And work they have!

In closing, let me give you an update on the construction that is taking place on the concluding wall. For your benefit, first is a layout of the Bride property and a description of the various items, including the wall. This is most helpful to have. [Click here](#). And make sure to scroll down to see all four images.

Next is a recent video provided by Caleb. It is a walk around the interior of the wall, primarily around the house at this point. And keep in mind that the bricks will be floated out with cement, so that the wall is protected from the weather and has a nice smooth finish. And on top of the wall will be barbwire, which we have left over from the first inadequate fence. [Click here](#).

And honestly, the most important and vital thing you can do at this time is to provide the funds that are very much needed in order to complete this vital work. Frankly, we are looking at \$10,000 to complete this most important testimony of the fulfilling second Remnant as discussed here. If you want the latter rain and the coming of Immanuel, this is where you can help make these possible. Clearly, it is an intercession, and will you participate to help bring the fulfillment? Some could and should give a thousand dollars or more. Many sacrifices, both in finances and in labor and even in lives, have been made to get us to where we are now. We can cross the finish line with \$10,000, and will you be numbered with those who helped make this possible? At this time, please give all you can. [Click now](#). Or even use MoneyGram in your area and email me. I very much need your help right now.

Thank you and blessed be Yahweh. Amen!
