

# GARY REPORT

## Urgent Report!

On August 31, Caleb sent me an email stating: "Meeting some Muslim brothers who are going to join us in Kisumu meeting." The Kisumu meeting Caleb was speaking of was when I would return to Kenya to teach. But little did they know that their lives were about to be turned upside down! Kisumu police officers raided the meeting, one officer striking Caleb and knocking him backwards, hitting his head on the concrete floor and injuring his back. There were thirty-five men there, and seven were taken into custody—Caleb, the two organizers, and four others. I received a call from Caleb in jail and he sounded terrible—as one would expect! They were charged with conspiring terrorist activities. But the reality was that most of them were former Muslims who had converted to Bride, and Caleb was making plans for them and others to attend the meeting when I come in November.

So, what or who was the root of this attack and the false accusations? The same source as the other violent acts against Caleb and others—Busia! And the man Calvince was once again right in the mix of it all, wanting to harm Caleb. You might recall from the January 21, 2018, "Gary Report" titled "[Negative Miracles!](#)" Yahweh sorely smote Calvince with jail time upon striking a young boy with his car, wrecking it and killing the boy. But that was not all. Next, a storm came to Rongo and a bolt of lightning killed his two cows and two goats, and a strong wind ripped the roof off of his house. And while in jail, his youngest child died and his wife left him. As noted in that report, "Calvince sowed calamity and direct harm to Caleb, and he reaped the same tenfold!" He supposedly repented, but now we know it was only superficial convenience. Caleb took him in and another brother helped get a roof on his home, but obviously the only one Calvince is concerned about is Calvince. And this time he is at the heart of this most recent attack, and has sent me threatening emails as well.

With the physical damage to Caleb, we immediately bonded him out of jail until the trial. And in that jail you only get water, and that sparingly, though we arranged food for these men. Constable Rubben made a special effort to get to Kisumu to prepare for the trial, but to our surprise they were all convicted of crimes associated with terrorist activities, and Caleb was placed back in jail. Rubben made arrangements to make an appeal to the high court in Homa Bay, and the men were relocated there and found slightly better conditions. But here again that court was equally biased. Not only did they keep the sentences, they also revoked the registrations of Caleb's long-standing "Bright Day Church" and the more recent "Remnant Bride Churches Of Kenya." The Bride brothers are thereupon forbidden to teach. Calvince's goal is to shut down the Bride work in Kenya. Here is an email he sent to Caleb on September 13, copying me:

Caleb  
You don't know what you are doing  
Go back to salvation ,this bride issue is a hoax  
You will rot in cell

See you can longer preach,the person you rely on is pretty sitting somewhere far from you  
If He dare set his foot here Will be arrested  
Caleb,changed Caleb  
Calvins

And on the eleventh he emailed me:

I am succeeding in many areas  
One. You are not going to teach in Kenya anymore  
Two.you can't remove all those people from jail,which mean ,there people are not going to trust you because they were arrested while holding bride teachings,bride should remove them  
Third. Your group is terrorist Youth  
caleb is blacklisted as terrorist

Well, Caleb is indeed out of jail and back home in Rongo. And Walter traveled to Nairobi where he joined up with two members of Parliament (from Rongo and Kisumu), as well as the bishop who is in charge of the meetings we are to hold in the Kibera slum and in another location in Nairobi. On Friday, September 14, these men met all day with three staff lawyers at the office of the Attorney General who are now assigned to our case. The AG's office has the authority to restore our Bright Day and Remnant Bride registrations, as well as to free the remaining six men in prison and hold accountable those who are involved in this corruption of justice and attack on the kingdom. They are also examining some threats made to me. Walter said the all-day session was "very fruitful," and reported by email:

Hello brother, we were in the Attorney General's office the whole day and we presented our issues together with the MPs [Parliament members]. The Attorney General's office has requested the files from the judge who was handling Caleb's case and they will do their independent investigation and get back to us as soon as possible.

Pray for our much-needed success. And in all honesty, this costs us financially. That is why I sent that urgent email. And thank you to those who responded. Your gifts are being put to vital use right now, and were a great help! But there are more needs, and hopefully others will do their part so that we can get this resolved and continue our plans in Kenya for my return in mid November. Let me tell you, Satan is fighting against this, for he knows his days are numbered. Additionally, I experienced his attack majorly heavily this week in yet another way! But I came out the victor. And don't let our enemies win!

Blessings to you, and may we receive the much needed victory,

Gary
